photographic and pencil, but centered and late in the development, relative to the identity and behavior comparison to most birds. There are four photographs (two on yellow paper, two on white paper) and four pencil sketches (two on yellow paper, two on white paper) of the bird. The photographs and pencil sketches are arranged in a 2x2 grid. The photographs are on the left and the pencil sketches are on the right. The top row shows the bird from the front and the bottom row shows the bird from the side. The bird is a small, dark-colored bird with a long, thin beak and a long, thin tail. It is perched on a branch and is facing forward. The background of the photographs is a light, mottled gray. The background of the pencil sketches is white. The bird is drawn with fine lines and shading. The overall appearance is that of a scientific illustration or a field sketch.

Affidavit of the Master or Commanding Officer, or First or Second Officer.
Friedrich der Grosse
Master of the U.S.
I have made a personal examination of each and all of the passengers named on the foregoing list
or Manifest and that I have caused the Surgeon of said vessel, sailing therewith, or the Surgeon employed by the owners thereof, to
make a physical examination of each of said passengers, and that from my personal inspection and the report of said Surgeon, I believe that
no one of said passengers is an idiot or insane person, or a pauper or likely to become a public charge, or suffering from a loathsome or
dangerous contagious disease, or a person who has been convicted of a felony or other infamous crime or misdemeanor involving moral
turpitude, or a polygamist, or under a contract or agreement, express or implied, to perform labor in the United States, except such as
are expressly excepted under the law. And that also, according to the best of my knowledge and belief, the information in said list or
Manifest concerning each of said passengers named therein is correct and true.
